

Oct. 6, 1928.

Supt. M.R. Mahaffey,
Clinton, N.C.

Dear Mr. Mahaffey:

Mr. Newbold was telling me about the telephone conversation he had with you the other day, relative to additional rooms being put on the Colored school at Clinton.

You will recall that I was at Clinton some weeks ago, and that we about decided on the plan for the additional rooms. You wisely employed Mr. Markly, an architect of Durham. He sent me copy of the plans that were being used. I have also been in touch with Mr. Godwin, the contractor.

As stated to you when I saw you, we can give you \$200.00 on each additional room, and I shall probably be by to make an inspection of the building the latter part of next week.

I hope that it will be possible for you to use the \$800.00 that you get from us for the purchase of equipment.

With good wishes, I am

Sincerely yours,

W. F. CREDLE.
